

REGENERATIVE RANCHING WITH JAIME ELIZONDO

A TWO-DAY WORKSHOP IN FRANCE

The French Agroforestry Association and sustainable farming education specialist GAIA Consulting are organizing a two-day workshop for farmers with American regenerative ranching expert JAIME ELIZONDO and GAUTIER GRAS, authors of the hot-off-the-press «*Regenerative Ranching: Maximum sustainable profit by ranching in nature's image*» (2019).

PROGRAM : TWO VERY FULL DAYS

This workshop will enable you to understand :

- the underlying principles of regenerative ranching with rapid pasture rotations
- selecting the breeds best adapted for productivity
- how to synchronize calving with grass production
- optimizing rations
- progressive parasite management
- understanding the leverage points for profitable ranching

WHEN AND WHERE? TWO OPTIONS

- **SEPTEMBER 2-3 in Forcalquier (Var)** - FOCUS SHEEP
- **SEPTEMBER 5-6 in La Chapelle-Saint-Martial (Creuse)** - FOCUS COW AND CALF

At GAEC PLEIN DE VIE, on the 240 acre Booty/Williams farm with 200 heads of Limousine cattle already well on its way with regenerative ranching practices.

COST : 600 euros for the 2-day workshop tuition (travel and accommodations at your expense).

Two lunches will be arranged on the farm (additional cost 15 euros/lunch).

REGISTRATION CLOSES ON JULY 15th (limited to 17 participants)

Please call (+33)604403894 for registration or visit www.gaiaformation.com
